ANSITool LTD

COMPANY PROFILE

ANSITOOL LTD

ANSITOOL LTD, is a company who focus on supplying high and stable quality tools to the world from year 2006. We headquarter in CA, and research, develop, manufacture the products in Zhejiang province China. Our main markets are in European countries and America, meanwhile spreading to the other countries in the world.

OEM orders are welcome. All the products we sold out are quality guaranteed. We are not only looking for distributors for our products, but looking for closer relationship business partners around the world. Looking forward to joining us!

ANSITOOOL

ROTARY HAMMER

◀ MR2402

120V60Hz/230V50Hz,600W

▶ Main Characteristics:

Light Hammer, one button with four functions:
hammer, drill, rotary hammer, chisel rotation.
with SDS system for drill head, positive and
negative rotation.

▶ MR2403

120V60Hz/230V50Hz,800W

▶ Main Characteristics:

Light Hammer, one button with four functions:
hammer, drill, rotary hammer, chisel rotation.
with SDS system for drill head, positive and
negative rotation.

Model	No Load Rates	Impact Rate	Impact Energy	Capacity	Cord	System
MR2402	0-950r/min	4800bpm	2.5J	Stell:13mm, Concrete:26mm, Wood:42mm	2*1.0mm ² size, 2.2M long	with SDS-PLUS system
MR2403	0-950r/min	4800bpm	2.8J	Stell:13mm, Concrete:26mm, Wood:42mm	2*1.0mm ² size, 2.2M long	with SDS-PLUS system
